0780-05-12-.01 PURPOSE.

The rules in this chapter implement the Tennessee Home Inspector License Act of 2005, T.C.A. §§ 62-6-301 et seq.

Authority: T.C.A. §§ 62-6-301 and 62-6-303(a)(5) [effective July 1, 2006]; and Chapter 65 of the Public Acts of 2005, §§ 4, 11, and 12. **Administrative History:** Public necessity rule filed April 7, 2006; effective through September 19, 2006. Original rule filed July 3, 2006; effective September 16, 2006.

0780-05-12-.02 DEFINITIONS.

In addition to the definitions contained in T.C.A. § 62-6-302, the following definitions are applicable to this chapter:

- (1) "Commissioner" means the commissioner of commerce and insurance or the commissioner's designee;
- (2) "Continuing Education" means education that is creditable toward the education requirements that must be satisfied as a prerequisite for renewal of a license as a home inspector;
- (3) "Home" or "Residence" means any structure consisting of one to four (1–4) dwelling units, intended to be or used principally for residential purposes;
- (4) "Inactive Licensee" means an individual who is not engaged in the business of conducting home inspections and holds a valid, current inactive license issued by the commissioner;
- (5) "Instructor" means an individual who presents course materials approved for qualifying education and continuing education credit hours that has the necessary experience, training or education in the course subject matter and has been approved by the commissioner;
- (6) "Licensee" means an individual who holds a current, unexpired license as a home inspector issued by the commissioner;
- (7) "Provider" means an individual or entity offering courses approved by the commissioner for qualifying education or continuing education credit hours;
- (8) "Qualifying Education" means education that is creditable toward the education requirements required for initial licensure as a home inspector.

(Rule 0780-05-12-.02, continued)

Authority: T.C.A. §§ 62-6-302 and 62-6-303(a)(5) [effective July 1, 2006]; and Chapter 65 of the Public Acts of 2005, §§ 3, 4, 11, and 12. **Administrative History:** Public necessity rule filed April 7, 2006; effective through September 19, 2006. Original rule filed July 3, 2006; effective September 16, 2006. Repeal and new rule filed August 6, 2014; effective November 4, 2014.

0780-05-12-.03 APPLICATION FOR LICENSE.

- (1) Any person who seeks to be licensed as a home inspector shall complete an application on a form prescribed by the commissioner and submit the completed application to the commissioner.
- (2) Applications for licensure are available upon request from the commissioner.
- (3) Any application submitted which lacks required information or reflects a failure to meet any requirement for licensure will be returned to the applicant with written notification of the information that is lacking or the reason(s) the application does not meet the requirements for licensure and will be held in "pending" status until satisfactorily completed within a reasonable period of time, not to exceed sixty (60) days from the date of application.
- (4) Any application submitted may be withdrawn; provided, however, that the application fee will not be refunded.

Authority: T.C.A. §§ 62-6-303(a)(5) and 62-6-305 [effective July 1, 2006]; and Chapter 65 of the Public Acts of 2005, §§ 4, 6, 11, and 12. **Administrative History:** Public necessity rule filed April 7, 2006; effective through September 19, 2006. Original rule filed July 3, 2006; effective September 16, 2006.

0780-05-12-.04 APPLICATION REQUIREMENTS.

- (1) Any person who desires to obtain a license as a home inspector shall submit an application to the commissioner, along with the required application fee.
- (2) An applicant for licensure shall furnish evidence satisfactory to the commissioner that the applicant:
 - (a) Is at least eighteen (18) years of age;
 - (b) Has graduated from high school or earned a high school equivalent credit;
 - (c) Has not been convicted of a felony offense that bears directly on the person's fitness to practice competently, as determined by the commissioner, and comports with the provisions of T.C.A. § 62-76-104;
 - (d) Is not the subject of a disciplinary enforcement action by another state or a local jurisdiction in connection with the performance of home inspections or the licensing or certification of home inspectors;
 - (e) Has successfully completed ninety (90) hours of education approved by the commissioner in the performance of home inspections and the preparation of home inspection reports;
 - (f) Has passed the National Home Inspector Examination developed by the Examination Board of Professional Home Inspectors (EBPHI);
 - (g) Has a current certificate of general liability insurance in the amount of at least five hundred thousand dollars (\$500,000.00); and

(Rule 0780-05-12-.04, continued)

- (h) Has a current certificate of errors and omissions insurance to cover all home inspection activities contemplated under T.C.A. §§ 62-6-301 et seq. and these rules.
- (3) Reciprocity. The commissioner may grant a license as a home inspector to an individual who holds a like, unexpired license in good standing as a home inspector in that state if the requirements for licensure are at least equivalent to the requirements for licensure in Tennessee. Such applicant shall file with the commissioner the required application form and fee, along with proof that the applicant holds a current, valid license as a home inspector in another state.
- (4) Temporary Practice Permit. An applicant for licensure as a home inspector, who holds an active home inspector license in another state whose licensure requirements are not considered substantially equivalent for reciprocity and whose spouse is an active member of the armed forces of the United States, who is the subject of a military transfer to Tennessee may be granted a temporary practice permit for up to six (6) months to complete specific education and/or examination requirements where the state of original licensure is not deemed to be substantially equivalent to the licensure requirements in Tennessee as specified in 0780-05-12-.04(3).
 - (a) In addition to the requirements of 0780-05-12-.04(1) & (2) temporary practice permit applicants must provide:
 - (i) Evidence that applicant's spouse is a member of the armed forces and is subject to a military transfer to Tennessee;
 - (b) The temporary practice permit will expire six (6) months from the date of issuance or upon issuance of a license as a home inspector in Tennessee which ever may occur first.
 - (c) No renewal of the temporary practice permit will be granted.
 - (d) If a temporary practice permit holder's out-of-state license is revoked, suspended, denied renewal or restricted, then the commissioner may revoke, suspend, or restrict a permit holder's temporary practice permit.

Authority: T.C.A. §§ 62-6-303, 62-6-305, and 62-6-308. **Administrative History:** Public necessity rule filed April 7, 2006; effective through September 19, 2006. Original rule filed July 3, 2006; effective September 16, 2006. Repeal and new rule filed August 6, 2014; effective November 4, 2014. Amendments filed October 24, 2025; effective January 22, 2026.

0780-05-12-.05 RENEWAL REQUIREMENTS.

- (1) A license issued to a home inspector pursuant to this chapter shall expire two (2) years from the date of its issuance and shall become invalid on such date unless renewed.
- (2) A home inspector may renew a current, valid license by submitting an application form approved by the commissioner, the required renewal fee, proof of having completed thirty-two (32) hours of commissioner-approved continuing education and any other information required for renewal, to the commissioner no earlier than one hundred twenty (120) days prior to the expiration date of the license.
- (3) If a course has been taken more than once during the same renewal period the hourly educational credit will be counted once for purposes of satisfying the educational requirements for renewal.

(Rule 0780-05-12-.05, continued)

- (4) Credit shall not be granted for a repeated course within a three (3) year time period unless the course has undergone a significant update.
- (5) A licensee who fails to pay the renewal fee, or otherwise fails to comply with any of the prerequisites for renewal of a license before the expiration date of the license will have sixty (60) days after the expiration date of the license to renew the license upon payment of the renewal fee, payment of a late penalty of \$25.00, submittal of proof of compliance with any other prerequisites to renewal, and payment of an additional late penalty of \$25.00 for each month or fraction of a month that renewal is late.
- (6) Any person seeking renewal of a license more than sixty (60) days after the expiration date of the license is required to reapply for licensure and fulfill all of the requirements for initial licensure and submit proof of having completed thirty-two (32) hours of commissioner-approved continuing education within the previous two (2) years. In considering such reapplication, the commissioner has the discretion to:
 - (a) Waive reexamination if the exam presented at the time of initial licensure if the exam was completed within the previous five (5) years; or
 - (b) Reinstate a license subject to the applicant's compliance with such reasonable conditions as the commissioner may prescribe, including payment of a penalty fee.
- (7) A fee submitted by mail to the commissioner for purposes of renewal will be deemed to have been submitted on the date of the official postmark.

Authority: T.C.A. §§ 62-6-303 and 62-6-307. **Administrative History:** Public necessity rule filed April 7, 2006; effective through September 19, 2006. Original rule filed July 3, 2006; effective September 16, 2006. Repeal and new rule filed August 6, 2014; effective November 4, 2014. Amendments filed October 24, 2025; effective January 22, 2026.

0780-05-12-.06 FEES.

- (1) Non-refundable application fee is one hundred dollars (\$100.00).
- (2) Initial license fee is two hundred dollars (\$200.00).
- (3) The examination fee shall be set by the Board pursuant to its contract with the entity it designated to administer the examination.
- (4) Renewal fee is two hundred dollars (\$200.00) for an active license.
- (5) The late penalty fee is twenty-five dollars (\$25.00) per month for each month that renewal is late.
- (6) Application fee to place the license in inactive status is fifty dollars (\$50.00).
- (7) Renewal fee for license while in inactive status is fifty dollars (\$50.00).
- (8) Application fee for qualifying or continuing education course approval is fifty dollars (\$50.00).
- (9) Renewal fee for qualifying or continuing education course approval is fifty dollars (\$50.00).
- (10) Application for individual course approval is twenty-five dollars (\$25.00) for each course that is not on the pre-approved course list.

(Rule 0780-05-12-.06, continued)

Authority: T.C.A. §§ 62-6-303 and 62-6-307. **Administrative History:** Public necessity rule filed April 7, 2006; effective through September 19, 2006. Original rule filed July 3, 2006; effective September 16, 2006. Repeal and new rule filed August 6, 2014; effective November 4, 2014. Amendments filed October 24, 2025; effective January 22, 2026.

0780-05-12-.07 QUALIFYING AND CONTINUING EDUCATION.

- (1) Course approval requirements.
 - (a) Any person or entity seeking to conduct an approved course for qualifying or continuing education credits shall make application and submit to the commissioner any documents, statements and forms as the commissioner may require. The complete application shall be submitted to the commissioner no later than thirty (30) days prior to the scheduled date of the course. At a minimum, a person or entity seeking approval to conduct a course for qualifying or continuing education shall provide:
 1. Name and address of the provider;
 2. Contact person and his or her address, telephone number, fax number and email address;
 3. Name of course as it will appear on course certificates;
 4. The location of the courses or programs;
 5. The number and type of education credit, qualifying or continuing, hours requested for each course;
 6. A timed outline which lists the summarized topics covered in each course and upon request a copy of any course materials;
 7. If a prior approved course has substantially changed, a summary of the changes; and
 8. The names and qualifications of each instructor who is qualified in accordance with paragraph (2) of this rule.
 - (b) Acceptable topics include, but are not limited to:
 1. Observing and identifying defects in structural components, foundations, roof coverings;
 2. Insulation and ventilation;
 3. Exterior and interior components;
 4. Plumbing, heating, cooling and electrical systems;
 5. Applicable state laws and rules;
 6. Home Inspection business management;
 7. Home Inspector Ethics;
 8. Tennessee Standards of Home Inspector Practice;

(Rule 0780-05-12-.07, continued)

9. Home Inspection Report Writing.

- (c) "Course hour" is defined as fifty (50) minutes of teaching out of each sixty (60) minute segment.
- (d) In addition to accepting courses approved as described in this rule, qualifying and continuing education credits may be granted on an individual basis to an applicant or licensee if the applicant or licensee provides documentation acceptable to the commissioner that shows that the courses meet applicable requirements for the category of credit applied for, including proof that the applicant or licensee attended and successfully completed the course. To be considered for credit, the prescribed form must be received along with a fee of twenty-five dollars (\$25.00) per course.
- (e) The commissioner may withhold or withdraw approval of any provider for violation of or failure to comply with any provision of this rule. Such withholding or withdrawal does not constitute a contested case proceeding pursuant to the Uniform Administrative Procedures Act compiled at T.C.A. Title 4, Chapter 5.
- (f) No person or entity sponsoring or conducting a course shall advertise that it is endorsed, recommended, or accredited by the commissioner. Such person or entity may indicate that the commissioner has approved a course of study if that course of study has been pre-approved by the commissioner before it is advertised or held.
- (g) Within five (5) working days after the completion of each course, each licensee successfully completing the course shall be furnished a certificate certifying completion.
- (h) Providers shall maintain course records for at least five (5) years. The commissioner may at any time examine such records to ensure compliance with this rule.
- (i) Approval of any course(s) may be withdrawn by the commissioner if:
 - 1. The conduct of a provider, an instructor, or any other school representative in either the establishment or conduct of a course violates, or fails to meet the requirements of, the provisions of this chapter or other applicable law;
 - 2. The course content is based on excluded conduct of a home inspector as identified in 0780-05-12-.10.
- (j) The required fee from a course provider for approval of courses for qualifying or continuing education shall be fifty dollars (\$50.00) for each course. The application fee is non-refundable.
- (k) If granted, course approval shall be valid for a period of two (2) years from the date of approval.
- (l) The provider of an approved course who wishes to renew such approval shall submit an application, on a form approved by the Commission, along with a renewal fee of fifty dollars (\$50.00) for each course, within thirty (30) days prior to the approval's expiration.
- (m) If a provider fails to renew a course(s) prior to the expiration date, the provider may, upon payment of a twenty-five-dollar (\$25.00) penalty, apply for a late renewal. No late renewals or course approval will be granted if over three (3) months have passed since expiration.

(Rule 0780-05-12-.07, continued)

- (n) State universities, colleges and junior colleges which provide courses for qualifying or continuing education shall be exempt from the fee.
- (2) Instructor qualifications and requirements. A person seeking approval as an instructor shall submit an application on a form approved by the commissioner. If granted, the approval as an instructor shall be valid for a period of two (2) years from the date of the approval.
 - (a) An instructor shall have one of the following qualifications:
 1. Three (3) years of recent experience in the subject matter being taught; or
 2. A minimum of an associate's degree in the subject area being taught; or
 3. Two (2) years of recent experience in the subject area being taught and twelve (12) hours of college credit and/or vocational technical school technical credit hours in the subject being taught.
 4. Other educational, teaching or professional qualifications determined by the commissioner which constitute an equivalent to (1) or more of the qualifications in parts (2)(a)1., 2., and 3. of this rule.

Authority: T.C.A. §§ 62-6-303 and 62-6-307. **Administrative History:** Public necessity rule filed April 7, 2006; effective through September 19, 2006. Original rule filed July 3, 2006; effective September 16, 2006. Repeal and new rule filed August 6, 2014; effective November 4, 2014. Amendments filed October 24, 2025; effective January 22, 2026.

0780-05-12-.08 CITATIONS.

- (1) The commissioner may issue citations against persons acting in the capacity of or engaging in the business of a home inspector without a license in violation of T.C.A. § 62-6-304. Each citation shall be in writing and describe with particularity the basis of the citation. Each citation shall contain an order to cease all violations of the applicable law, and an assessment of a civil penalty in accordance with the following schedule:

Violation	Penalty
(a) T.C.A. § 62-6-304	\$50 - \$1000
(b) In determining the amount of any penalty to be assessed pursuant to this rule, the commissioner may consider such factors as the following: <ol style="list-style-type: none"> 1. Whether the amount imposed will be a substantial economic deterrent to the violator; 2. The circumstances leading to the violation; 3. The severity of the violation and the risk of harm to the public; 4. The economic benefits gained by the violator as a result of noncompliance; 5. The interest of the public; 6. Willfulness of the violation. 	

Authority: T.C.A. §§ 62-6-303(a)(5) and 62-6-308(b) [effective July 1, 2006]; and Chapter 65 of the Public Acts of 2005, §§ 4, 8, 9, 11, and 12. **Administrative History:** Public necessity rule filed April 7,

(Rule 0780-05-12-.08, continued)

2006; effective through September 19, 2006. Original rule filed July 3, 2006; effective September 16, 2006.

0780-05-12-.09 CIVIL PENALTIES.

- (1) With respect to any licensed home inspector, the commissioner may, in addition to or in lieu of any other lawful disciplinary action, assess a civil penalty against such licensee for each separate violation of a statute, rule or commissioner's order pertaining to home inspectors, in accordance with the following schedule:

Violation	Penalty
(a) T.C.A. § 62-6-308	\$50 - \$1000
(b) Rule 0780-05-12-.10	\$50 - \$1000
(c) Commissioner's order	\$50 - \$1000

- (2) With respect to any person required to be licensed in this state as a home inspector, the commissioner may assess a civil penalty against such person for each separate violation of a statute in accordance with the following schedule:

Violation	Penalty
(a) T.C.A. § 62-6-304	\$50 - \$1000

- (3) Each day of continued violation may constitute a separate violation.
- (4) In determining the amount of any penalty to be assessed pursuant to this rule, the commissioner may consider such factors as the following:
- Whether the amount imposed will be a substantial economic deterrent to the violator;
 - The circumstances leading to the violation;
 - The severity of the violation and the risk of harm to the public;
 - The economic benefits gained by the violator as a result of noncompliance;
 - The interest of the public;
 - Willfulness of the violation.

Authority: T.C.A. §§ 56-1-308, 62-6-303(a)(5), and 62-6-308 [effective July 1, 2006]; and Chapter 65 of the Public Acts of 2005, §§ 4, 5, 11, and 12. **Administrative History:** Public necessity rule filed April 7, 2006; effective through September 19, 2006. Original rule filed July 3, 2006; effective September 16, 2006.

0780-05-12-.10 STANDARDS OF PRACTICE.

- (1) Standards of Practice. This rule sets forth the minimum standards of practice required of licensed home inspectors.
- (2) Definitions. The following definitions apply to this rule:

(Rule 0780-05-12-.10, continued)

- (a) “Automatic safety controls” means devices designed and installed to protect systems and components from excessively high or low pressures and temperatures, excessive electrical current, loss of water, loss of ignition, fuel leaks, fire, freezing, or other unsafe conditions;
- (b) “Central air conditioning” means a system that uses ducts to distribute cooled or dehumidified air to more than one room or uses pipes to distribute chilled water to heat exchangers in more than one room, and that is not plugged into an electrical convenience outlet;
- (c) “Component” means a readily accessible and observable aspect of a system, such as a floor, or wall, but not individual pieces such as boards or nails where many similar pieces make up the component;
- (d) “Cosmetic damage” means superficial blemishes or defects that do not interfere with the functionality of the component or system;
- (e) “Cross connection” means any physical connection or arrangement between potable water and any source of contamination;
- (f) “Dangerous or adverse situations” means situations that pose a threat of injury to the home inspector, or those situations that require the use of special protective clothing or safety equipment;
- (g) “Describe” means report in writing a system or component by its type, or other inspected characteristics, to distinguish it from other systems or components used for the same purpose;
- (h) “Dismantle” means to take apart or remove any component, device or piece of equipment that is bolted, screwed, or fastened by other means and that would not be dismantled by a homeowner in the course of normal household maintenance;
- (i) “Enter” means to go into an area to inspect all visible components;
- (j) “Functional drainage” means a drain is functional when it empties in a reasonable amount of time and does not overflow when another fixture is drained simultaneously;
- (k) “Functional flow” means a reasonable flow at the highest fixture in a dwelling when another fixture is operated simultaneously;
- (l) “Inspect” means the act of making a visual examination;
- (m) “Installed” means attached or connected such that an item requires tools for removal;
- (n) “Normal operating controls” means homeowner operated devices such as a thermostat, wall switch, or safety switch;
- (o) “On-site water supply quality” means water quality is based on the bacterial, chemical, mineral, and solids content of the water;
- (p) “On-site water supply quantity” means the rate of flow of on-site well water;
- (q) “Operate” means to cause systems or equipment to function;

(Rule 0780-05-12-.10, continued)

- (r) "Readily accessible" means approachable or enterable for visual inspection without the risk of damage to any property or alteration of the accessible space, equipment, or opening;
 - (s) "Readily openable access panel" means a panel provided for homeowner inspection and maintenance that has removable or operable fasteners or latch devices in order to be lifted off, swung open, or otherwise removed by one person; and its edges and fasteners are not painted in place. This definition is limited to those panels within normal reach or from a four-foot stepladder, and that are not blocked by stored items, furniture, or building components;
 - (t) "Readily visible" means seen by using natural or artificial light without the use of equipment or tools other than a flashlight;
 - (u) "Representative number" means, for multiple identical components such as windows and electrical outlets, one such component per room; and, for multiple identical exterior components, one such component on each side of the building;
 - (v) "Roof drainage systems" means gutters, downspouts, leaders, splashblocks, and similar components used to carry water off a roof and away from a building;
 - (w) "Shut down" means a piece of equipment or a system which cannot be operated by the device or control that a homeowner should normally use to operate it. If its safety switch or circuit breaker is in the "off" position, or its fuse is missing or blown, the home inspector is not required to reestablish the circuit for the purpose of operating the equipment or system;
 - (x) "Significantly deficient" means unsafe or not functioning;
 - (y) "Solid fuel heating device" means any wood, coal, or other similar organic fuel burning device, including but not limited to fireplaces whether masonry or factory built, fireplace inserts and stoves, woodstoves (room heaters), central furnaces, and combinations of these devices;
 - (z) "Structural component" means a component that supports non-variable forces or weights (dead loads) and variable forces or weights (live loads);
 - (aa) "System" means a combination of interacting or interdependent components, assembled to carry out one or more functions;
 - (bb) "Technically exhaustive" means an inspection involving the use of measurements, instruments, testing, calculations, and other means to develop scientific or engineering findings, conclusions, and recommendations;
 - (cc) "Underfloor crawl space" means the area within the confines of the foundation and between the ground and the underside of the lowest floor structural component.
- (3) Purpose and Scope.
- (a) Home inspections performed according to this rule shall provide the client with an understanding of the property conditions at the time of the home inspection.
 - (b) Home inspectors shall:
 - 1. Provide a written contract, signed by the client or the client's legal representative that shall:

(Rule 0780-05-12-.10, continued)

- (i) State that the home inspection will be in accordance with the Standards of Practice promulgated by the commissioner;
 - (ii) Describe what services shall be provided and their cost;
 - (iii) State that the home inspection report will not address the items set forth in parts (5)(a)4. and 5. of this rule; and
 - (iv) State, when an inspection is for only one or a limited number of systems or components, that the inspection is limited to only those systems or components.
2. Inspect readily visible and readily accessible installed systems and components listed in this rule; and
 3. Submit a written report to the client that shall at a minimum:
 - (i) Describe those systems and components required to be described in paragraphs (7) through (16) of this rule;
 - (ii) State which systems and components designated for inspection in this rule have been inspected, and state any systems or components designated for inspection that were not inspected, and the reason for not inspecting;
 - (iii) State any systems or components so inspected that do not function as intended, allowing for normal wear and tear, or adversely affect the habitability of the dwelling;
 - (iv) State whether the condition reported requires repair or subsequent observation, or warrants further investigation by a specialist; and
 - (v) State the name, license number, and signature of the person conducting the inspection.
- (c) This rule does not limit home inspectors from:
1. Reporting observations and conditions or rendering opinions of items in addition to those required in paragraphs (7) through (16) of this rule; or
 2. Excluding systems and components from the inspection if requested by the client, and so stated in the written contract.
- (4) General Limitations.
- (a) This rule applies to structures that are intended to be or are in fact used as residences, consisting of from one to four (1–4) family dwelling units and their attached garages or carports.
- (5) Required Reporting.
- (a) The home inspection report shall include the following:
 1. A report on any system or component inspected that, in the opinion of the home inspector, is significantly deficient;

(Rule 0780-05-12-.10, continued)

2. A list of any systems or components that were designated for inspection in this rule but that were not inspected, including underfloor crawl spaces, basements, and attic spaces;
 3. The reason a system or component listed in accordance with part (5)(a)2. was not inspected;
 4. A statement that the report does not address environmental hazards, including:
 - (i) Lead-based paint;
 - (ii) Radon;
 - (iii) Asbestos;
 - (iv) Cockroaches;
 - (v) Rodents;
 - (vi) Pesticides;
 - (vii) Treated lumber;
 - (viii) Fungus;
 - (ix) Mercury;
 - (x) Carbon monoxide; or
 - (xi) Other similar environmental hazards.
 5. A statement that the report does not address subterranean systems or system components (operational or nonoperational), including:
 - (i) Sewage disposal;
 - (ii) Water supply; or
 - (iii) Fuel storage or delivery.
 6. A statement explaining a home inspection is a visual analysis for the purpose of providing a professional opinion as defined in T.C.A. § 62-6-302(3)(A) and does not include the measures listed in T.C.A. § 62-6-302(3)(B).
- (6) General Exclusions.
- (a) Home inspectors are not required to report on:
 1. Life expectancy of any component or system;
 2. The cause(s) of the need for a repair;
 3. The methods, materials, and costs of corrections;
 4. The suitability of the property for any specialized use;

(Rule 0780-05-12-.10, continued)

5. Compliance or noncompliance with adopted codes, ordinances, statutes, regulatory requirements or restrictions;
6. The market value of the property or its marketability;
7. The advisability or inadvisability of purchase of the property;
8. Any component or system that was not inspected;
9. The presence or absence of pests such as wood damaging organisms, rodents, or insects; or
10. Cosmetic damage, underground items, or items not permanently installed.

(b) Home inspectors are not required to:

1. Offer warranties or guarantees of any kind;
2. Calculate the strength, adequacy, or efficiency of any system or component;
3. Enter any area or perform any procedure that may damage the property or its components or be dangerous to or adversely affect the health or safety of the home inspector or other persons;
4. Operate any system or component that is shut down or otherwise inoperable;
5. Operate any system or component that does not respond to normal operating controls;
6. Move personal items, panels, furniture, equipment, plant life, soil, snow, ice, or debris that obstructs access or visibility;
7. Determine the effectiveness of any system installed to control or remove suspected hazardous substances;
8. Predict future condition, including but not limited to failure of components;
9. Project operating costs of components;
10. Evaluate acoustical characteristics of any system or component; or
11. Inspect special equipment or accessories that are not listed as components to be inspected in this rule.

(c) Home inspectors shall not:

1. Offer or perform any act or service contrary to law; or
2. Offer or perform engineering, architectural, plumbing, electrical or any other job function requiring a license in this state for the same client unless the client is advised thereof and consents thereto.

(7) Heating Systems.

(a) The home inspector shall inspect permanently installed heating systems including:

(Rule 0780-05-12-.10, continued)

1. Heating equipment;
 2. Normal operating controls;
 3. Automatic safety controls;
 4. Chimneys, flues, and vents, where readily visible;
 5. Solid fuel heating devices;
 6. Heat distribution systems including fans, pumps, ducts and piping, insulation, air filters, registers, radiators, fan coil units, convectors; and
 7. The presence of an installed heat source in each room.
- (b) The home inspector shall describe:
1. The energy source for the system; and
 2. The heating equipment and distribution type.
- (c) The home inspector shall operate the systems using normal operating controls.
- (d) The home inspector shall open readily openable access panels provided by the manufacturer or installer for routine homeowner maintenance.
- (e) The home inspector is not required to:
1. Operate heating systems when weather conditions or other circumstances may cause equipment damage;
 2. Operate automatic safety controls;
 3. Ignite or extinguish solid fuel fires; or
 4. Inspect:
 - (i) The interior of flues;
 - (ii) Fireplace insert flue connections;
 - (iii) Humidifiers;
 - (iv) Electronic air filters; or
 - (v) The uniformity or adequacy of heat supply to the various rooms.
- (8) Cooling Systems.
- (a) The home inspector shall inspect:
1. Central air conditioning and through-the-wall installed cooling systems including:
 - (i) Cooling and air handling equipment; and
 - (ii) Normal operating controls.

(Rule 0780-05-12-.10, continued)

2. Distribution systems including:
 - (i) Fans, pumps, ducts and piping, dampers, insulation, air filters, registers, fan-coil units; and
 - (ii) The presence of an installed cooling source in each room.
 - (b) The home inspector shall describe:
 1. The energy source for the system; and
 2. The cooling equipment type.
 - (c) The home inspector shall operate the systems using normal operating controls.
 - (d) The home inspector shall open readily openable access panels provided by the manufacturer or installer for routine homeowner maintenance.
 - (e) The home inspector is not required to:
 1. Operate cooling systems when weather conditions or other circumstances may cause equipment damage;
 2. Inspect window air conditioners; or
 3. Inspect the uniformity or adequacy of cool-air supply to the various rooms.
- (9) Electrical Systems.
- (a) The home inspector shall inspect:
 1. Service entrance conductors;
 2. Service equipment, ground equipment, main overcurrent device, and main distribution panels;
 3. Amperage and voltage ratings of the service;
 4. Branch circuit conductors, their overcurrent devices, and the compatibility of their ampacities and voltages;
 5. The operation of a representative number of installed ceiling fans, lighting fixtures, switches and receptacles located inside the house, garage, and on the dwelling's exterior walls;
 6. The polarity and grounding of all receptacles within six feet of interior plumbing fixtures, and all receptacles in the garage or carport, and on the exterior of inspected structures; and
 7. The operation of ground fault circuit interrupters.
 - (b) The home inspector shall describe:
 1. Service amperage and voltage;

(Rule 0780-05-12-.10, continued)

2. Service entry conductor materials;
 3. The service type as being overhead or underground; and
 4. The location of main and distribution panels.
- (c) The home inspector shall report the presence of any readily accessible single strand aluminum branch circuit wiring.
- (d) The home inspector shall report:
1. The presence or absence of smoke alarms;
 2. The presence or absence of smoke alarms by location of the area and/or room;
 3. If any area and/or room contain smoke alarms that appear to have been painted and/or obstructed by stickers or otherwise covered. If so, the home inspector shall recommend that any such smoke alarm be replaced with a device of the same type;
 4. If any smoke alarms appear more than ten (10) years from the date of manufacture, and recommend that any such smoke alarm be replaced with a device of the same type;
 5. If battery-powered smoke alarms appear more than ten (10) years from the date of manufacture, a request by the owner for that type of device shall be directed to the State Fire Marshal's Office; and
 6. All requirements as set forth in paragraph (9)(d) except when access is obstructed, could damage the property, or when dangerous or adverse situations are suspected.
- (e) The home inspector is not required to:
1. Insert any tool, probe, or testing device inside the panels;
 2. Test or operate any overcurrent device except ground fault circuit interrupters;
 3. Dismantle any electrical device or control other than to remove the covers of the main and auxiliary distribution panels; or
 4. Inspect:
 - (i) Low voltage systems;
 - (ii) Security system devices, heat detectors, or carbon monoxide detectors;
 - (iii) Telephone, security, cable TV, intercoms, or other ancillary wiring that is not a part of the primary electrical distribution system; or
 - (iv) Built-in vacuum equipment.
- (10) Plumbing Systems.
- (a) The home inspector shall inspect:

(Rule 0780-05-12-.10, continued)

1. Interior water supply and distribution system, including: piping materials, supports, and insulation; fixtures and faucets; functional flow; leaks; and cross connections;
 2. Interior drain, waste, and vent system, including: traps; drain, waste, and vent piping; piping supports and pipe insulation; leaks; and functional drainage;
 3. Hot water systems including: water heating equipment; normal operating controls; automatic safety controls; and chimneys, flues, and vents; and
 4. Sump pumps.
- (b) The home inspector shall describe:
1. Water supply and distribution piping materials;
 2. Drain, waste, and vent piping materials;
 3. Water heating equipment; and
 4. The location of any main water supply shutoff device.
- (c) The home inspector shall operate all plumbing fixtures, including their faucets and all exterior faucets attached to the house, except where the flow end of the faucet is connected to an appliance.
- (d) The home inspector is not required to:
1. State the effectiveness of anti-siphon devices;
 2. Determine whether water supply and waste disposal systems are public or private;
 3. Operate automatic safety controls;
 4. Operate any valve except water closet flush valves, fixture faucets, and hose faucets;
 5. Inspect:
 - (i) Water conditioning systems;
 - (ii) Fire and lawn sprinkler systems;
 - (iii) On-site water supply quantity and quality;
 - (iv) On-site waste disposal systems;
 - (v) Foundation irrigation systems;
 - (vi) Bathroom spas, except as to functional flow and functional drainage;
 - (vii) Swimming pools;
 - (viii) Solar water heating equipment; or

(Rule 0780-05-12-.10, continued)

6. Inspect the system for proper sizing, design, or use of proper materials.

(11) Structural Components and Foundations.

(a) The home inspector shall inspect structural components including:

1. Foundation;
2. Floors;
3. Walls;
4. Columns or piers;
5. Ceilings; and
6. Roofs.

(b) The home inspector shall describe the type of:

1. Foundation;
2. Floor structure;
3. Wall structure;
4. Columns or piers;
5. Ceiling structure; and
6. Roof structure.

(c) The home inspector shall:

1. Probe structural components where deterioration is suspected;
2. Enter underfloor crawl spaces, basements, and attic spaces except when access is obstructed, when entry could damage the property, or when dangerous or adverse situations are suspected;
3. Report the methods used to inspect underfloor crawl spaces and attics; and
4. Report signs of water penetration into the building or signs of condensation on building components.

(12) Roof Coverings.

(a) The home inspector shall inspect:

1. Roof coverings;
2. Roof drainage systems;
3. Flashings;
4. Skylights, chimneys, and roof penetrations; and

(Rule 0780-05-12-.10, continued)

5. Signs of leaks or abnormal condensation on building components.

(b) The home inspector shall:

1. Describe the type of roof covering materials; and
2. Report the methods used to inspect the roofing.

(c) The home inspector is not required to:

1. Walk on the roofing; or
2. Inspect attached accessories including solar systems, antennae, and lightning arrestors.

(13) Exterior Components.

(a) The home inspector shall inspect:

1. Wall cladding, flashings, and trim;
2. Entryway doors and a representative number of windows;
3. Garage door operators;
4. Decks, balconies, stoops, steps, areaways, porches and applicable railings;
5. Eaves, soffits, and fascias; and
6. Vegetation, grading, drainage, driveways, patios, walkways, and retaining walls with respect to their effect on the condition of the building.

(b) The home inspector shall:

1. Describe wall cladding materials;
2. Operate all entryway doors and a representative number of windows;
3. Operate garage doors manually or by using permanently installed controls for any garage door operator;
4. Report whether or not any garage door operator will automatically reverse or stop when meeting reasonable resistance during closing; and
5. Probe exterior wood components where deterioration is suspected.

(c) The home inspector is not required to inspect:

1. Storm windows, storm doors, screening, shutters, awnings, and similar seasonal accessories;
2. Fences;
3. For the presence of safety glazing in doors and windows;

(Rule 0780-05-12-.10, continued)

4. Garage door operator remote control transmitters;
5. Geological conditions;
6. Soil conditions;
7. Recreational facilities (including spas, saunas, steam baths, swimming pools, tennis courts, playground equipment, and other exercise, entertainment, or athletic facilities), except as otherwise provided in this rule;
8. Detached buildings or structures; or
9. For the presence or condition of buried fuel storage tanks.

(14) Interior Components.

(a) The home inspector shall inspect:

1. Walls, ceiling, and floors;
2. Steps, stairways, balconies, and railings;
3. Counters and a representative number of built-in cabinets; and
4. A representative number of doors and windows.

(b) The home inspector shall:

1. Operate a representative number of windows and interior doors; and
2. Report signs of water penetration into the building or signs of condensation on building components.

(c) The home inspector is not required to inspect:

1. Paint, wallpaper, and other finish treatments on the interior walls, ceilings, and floors;
2. Carpeting; or
3. Draperies, blinds, or other window treatments.

(15) Insulation and Ventilation.

(a) The home inspector shall inspect:

1. Insulation and vapor retarders in unfinished spaces;
2. Ventilation of attics and foundation areas;
3. Kitchen, bathroom, and laundry venting systems; and
4. The operation of any readily accessible attic ventilation fan, and, when temperature permits, the operation of any readily accessible thermostatic control.

(b) The home inspector shall describe:

(Rule 0780-05-12-.10, continued)

1. Insulation in unfinished spaces; and
 2. The absence of insulation in unfinished space at conditioned surfaces.
- (c) The home inspector is not required to report on:
1. Concealed insulation and vapor retarders; or
 2. Venting equipment that is integral with household appliances.
- (16) Built-In Kitchen Appliances.
- (a) The home inspector shall inspect and operate the basic functions of the following kitchen appliances:
1. Permanently installed, dishwasher(s) through a normal cycle;
 2. Range(s), cook top(s), and permanently installed oven(s);
 3. Trash compactor(s);
 4. Garbage disposal(s);
 5. Ventilation equipment or range hood(s); and
 6. Permanently installed microwave oven(s).
- (b) The home inspector is not required to inspect:
1. Clocks, timers, self-cleaning oven functions, or thermostats for calibration or automatic operation;
 2. Non built-in appliances; or
 3. Refrigeration units.
- (c) The home inspector is not required to operate:
1. Appliances in use; or
 2. Any appliance that is shut down or otherwise inoperable.

Authority: T.C.A. § 62-6-303 **Administrative History:** Public necessity rule filed April 7, 2006; effective through September 19, 2006. Original rule filed July 3, 2006; effective September 16, 2006. Amendments filed November 9, 2023; to have become effective February 7, 2024. However, the Government Operations Committee filed a 45-day stay of the effective date of the rules; new effective date March 23, 2024. Amendments filed October 24, 2025; effective January 22, 2026.

0780-05-12-.11 CODE OF ETHICS.

- (1) Licensees shall discharge their duties with fidelity to the public, their clients, and with fairness and impartiality to all.
- (2) Opinions expressed by licensees shall only be based on their education, experience, and honest convictions.

(Rule 0780-05-12-.11, continued)

- (3) A licensee shall not disclose any information about the results of an inspection without the approval of the client for whom the inspection was performed, or the client's designated representative.
- (4) No licensee shall accept compensation or any other consideration from more than one interested party for the same service without the consent of all interested parties.
- (5) No licensee shall accept or offer commissions or allowances, directly or indirectly, from other parties dealing with the client in connection with work for which the licensee is responsible.
- (6) No licensee shall express, within the context of an inspection, an appraisal or opinion of the market value of the inspected property.
- (7) Before the execution of a contract to perform a home inspection, a licensee shall disclose to the client any interest in a business that may affect the client. No licensee shall allow his or her interest in any business to affect the quality or results of the inspection work that the licensee may be called upon to perform.
- (8) Licensees shall not engage in false or misleading advertising or otherwise misrepresent any matters to the public.

Authority: T.C.A. § 62-6-303(a)(5) and (6) [effective July 1, 2006]; and Chapter 65 of the Public Acts of 2005, §§ 4, 11, and 12. **Administrative History:** Public necessity rule filed April 7, 2006; effective through September 19, 2006. Original rule filed July 3, 2006; effective September 16, 2006.

0780-05-12-.12 INACTIVE STATUS.

- (1) A licensee may request inactive license status by making application to the commissioner and paying the applicable fifty dollar (\$50.00) fee. A licensee whose license is in inactive status may not directly or indirectly engage in conduct or advertise or claim to be engaging in or conducting the business or acting in the capacity of a home inspector as defined in T.C.A. § 62-6-302. No continuing education shall be required for renewal of an inactive license. Licensees holding an inactive license are not required to maintain general liability or errors and omissions insurance.
- (2) To reactivate an inactive license, licensee shall submit an application for reinstatement on a form as prescribed by the commissioner, accompanied by:
 - (a) A reactivation fee of two hundred dollars (\$200.00); and
 - (b) A certificate of general liability insurance in the amount of at least five hundred thousand dollars (\$500,000.00) and errors and omissions insurance to cover all home inspection activities contemplated in T.C.A. §§ 62-6-301 et seq. and the rules promulgated thereunder; and
 - (c) A sworn statement that the licensee has not violated any provisions of the Tennessee Home Inspector Licensing Act of 2005, (T.C.A. §§ 62-6-301, et seq.) or the rules promulgated thereunder while the applicant's license was in inactive status; and
 - (d) If more than two (2) years have passed since the license was placed in an inactive status, the applicant shall, in addition to the requirements set for in T.C.A. § 62-6-307(f)(2)(A), also furnish evidence satisfactory to the commissioner that the applicant has completed thirty-two (32) hours of commissioner-approved continuing education during the twenty-four (24) months immediately preceding the date of application for reinstatement.

(Rule 0780-05-12-.12, continued)

- (3) The licensing period for an inactive license shall be identical to the licensing period for the originally issued active license. Inactive licenses shall be renewed biennially.

Authority: T.C.A. § 62-6-307 [effective July 1, 2006]; Public Chapter No. 230 and Chapter 65 of the Public Acts of 2005, §§ 4, 6, 11, and 12. **Administrative History:** Original rule filed August 6, 2014; effective November 4, 2014.

0780-05-12-.13 INSURANCE.

- (1) All licensees, except those in inactive status, are required to maintain and provide satisfactory proof of a current certificate of general liability insurance in the amount of at least five hundred thousand dollars (\$500,000.00) and a current certificate of errors and omissions insurance to cover all home inspection activities contemplated under T.C.A. § 62-6-301. The State of Tennessee shall be named as the certificate holder on the insurance documentation provided by the insurance carrier.
- (2) Licensees shall notify the Board within thirty (30) days of any change to the insurance policy, including but not limited to the expiration or termination of a policy, changes in insurance carrier, term of policy, or coverage dates.

Authority: T.C.A. §§ 62-6-303 and 62-6-308 [effective July 1, 2006]; Public Chapter No. 230 and Chapter 65 of the Public Acts of 2005, §§ 4, 6, 11, and 12. **Administrative History:** Original rule filed August 6, 2014; effective November 4, 2014.

0780-05-12-.14 RECORDS RETENTION.

All licensed home inspectors shall retain original and true copies or electronic copies of all written contracts and agreements for home inspector services and all home inspection reports for a period of at least three (3) years commencing on the home inspection date.

Authority: T.C.A. § 62-6-303 [effective July 1, 2006]; Public Chapter No. 230 and Chapter 65 of the Public Acts of 2005, §§ 4, 6, 11, and 12. **Administrative History:** Original rule filed August 6, 2014; effective November 4, 2014.

0780-05-12-.15 CHANGE OF ADDRESS.

All licensed home inspectors shall provide the commissioner with any address change in writing within thirty (30) days of any change.

Authority: T.C.A. § 62-6-306 [effective July 1, 2006]; Public Chapter No. 230 and Chapter 65 of the Public Acts of 2005, §§ 4, 6, 11, and 12. **Administrative History:** Original rule filed August 6, 2014; effective November 4, 2014.
